

Good afternoon,

My name is Renée Bureau and I reside in the town of East Haven. I strongly support the Senate Bill 22 to reduce the sales tax and to eliminate the meals tax that we currently have in place. We, citizens, pay taxes on everything. We pay sales tax when we buy a car, we again pay taxes yearly on that car, we pay property taxes, etc. When does someone finally stand up and say enough taxes on the people who you are supposed to be representing and doing what is right for us? With inflation rising and prices dramatically and terrifyingly increasing, reducing taxes is the right thing to do. Not only will it extremely help out us citizens, but it will also send a message that we are being heard and thought of in these harsh times.

I appreciate you taking the time to read this email and I am looking forward to seeing a well deserved and much needed tax break. I can guarantee you we will remember this at election time!

Thank you,  
Renée Bureau
